RE: MICHAEL ROBINSON'S CONTRIBUTION TO *COUNTY OF LOS ANGELES V. NAVARRO*

Dear Mr. Robinson:

I would like to acknowledge your extraordinary contribution to keeping *County of Los Angeles v. Manuel Navarro* published. It appears to me that your efforts in obtaining so many amicus letters to the Supreme Court in support of the case greatly influenced the Court in denying the County's request to depublish *Navarro*.

I know it must have taken much time, effort, and skill to convince so many politicians, on both sides of the aisle I might add, to write letters. However, your efforts were fruitful and have greatly assisted in keeping a case alive which has already vacated many erroneous default judgments. Relying on *Navarro*, I have vacated seven default judgments up to 10 years old, and gotten men wrongfully accused as fathers off the hook. I know colleagues who are also accomplishing this.

You have helped achieve a great victory in the area of paternity fraud and basic fairness in the law. I thank you again for your involvement.

Sincerely,
